

Providing free flights, so children and adults can meet medical and personal needs, since 1996.

Angel Flight Northeast Good News Report & Partners for Life Program Appeal

February 2013

Hello Everyone!

We are pleased to share some wonderful media coverage that Angel Flight NE's volunteer pilot, Ed Gallagher, received in York County's Journal Tribune this past weekend:

['Angels' take flight ~ Pilots give free flights for life-saving treatments](#)

Ed is just one of the more than 1,000 volunteers who make a difference in the lives of Angel Flight Northeast's patients and their families. We are currently coordinating **hundreds of missions per month**. We've been fortunate that the weather cooperated with us for at least the first 6 weeks of 2013. We truly could not do what we do without our volunteer pilots' commitment and the support of sponsors and donors, like you.

We need your help! Entering our 17th year of service, Angel Flight Northeast is at a critical point that we need your assistance to raise funds so we can continue to assist patients and families.

We are currently running a virtual fundraising campaign. Our goal is to raise enough funds to support 4 months worth of Angel Flights. On average, a flight costs \$300 to coordinate. With your support, we can ensure that those who turn to us for help can continue to count on our free air transportation services.

Please take a moment to visit our [Partners for Life Program: Providing Journeys of Healing & Hope](#) online fundraising program. Our goal is to raise funding to support our mission coordination program for the next 4 months.

Meet Teagan and her parents, Colleen & Mike. Without your support and the

This is just one story of thousands where Angel Flight NE has helped a patient get the medical care they need to survive. **Every dollar raised makes a direct and meaningful impact to the patients and families we serve.**

Together, we can change lives one flight at a time.

Warmest regards and deepest appreciation,

Larry Camerlin
President, Founder & Volunteer Pilot

Just Some of Our Inflight Pictures

Thanks to AFNE Volunteer Pilot Ed P. for providing Anthony & his dad free air transportation from Vermont to Boston so Anthony could receive treatment at Shriners.

As they say, a picture is worth a thousand words! Mendel has just as a big smile as his friend, Mr. Potato Aviator Head, donated by Hasbro Toys. In collaboration with JetBlue, Angel Flight NE coordinated a flight for Mendel and his family to fly from New York to California so he can receive treatment for a congenital heart defect.

Thanks to AFNE Pilot, Tony B., for providing John safe passage
from North Carolina to New Jersey.
